

## SELF-ASSESSMENT REPORT

Reporting academic year:

General information about the program

Name of the program	
Education level	
Qualification to be awarded	
Language of Instruction	
Program status (accredited / authorized)	
Decision number and date	

Program Implementer

Program Manager / Coordinator	
Faculty	
Direction	

Structure and content of the educational program

The number of ECTS credits of the program	
Number of contact hours of the program	

	Number of credits	Note
Compulsory components		
Elective courses		
Free courses		
Practice volume		
The volume of research work		

Statistical indicators of student on the program

	At the beginning of the academic year	At the end of the academic year	Foreign citizen	Mobility		Status has been restored
				Added	Subtracted	
I course						
II course						
III course						
IV course						

The number of students granted qualification	Foreign citizen	Georgian citizen	Total qualification was awarded

Statistical indicator of Personnel

Academic year	Professor	Associate Professor	Assistant Professor	Assistant	Invited	Doctoral student	Affiliated

Graduate Employment Index

Year	Level of education	Number of graduates	Employment Self-employment			Unemployed		Continues the study at the next level	We do not have information
			According to the qualifications	Not by Specialty	ულო	Have not tried by the specialty	Tried and failed to be employed		

Measures taken to develop the program and ensure quality

External evaluation results (Accreditation, monitoring or invited external experts) of the program and implemented changes / relevant measures

Description
Is confirmed

Internal evaluation results (Student Polls, Academic performance analysis, Interconnection, Surveying Stakeholders) and implemented changes / relevant measures

Description
Is confirmed

Professional development activities of the program implementing staff

Description
Is confirmed

Internationalization

Description
Is confirmed

Other activities implemented

Description	
Is confirmed	

Practice and description of research projects and quantitative indicators

Scientific works published in co-authorship of students	
Student conferences, exhibitions, etc.	
Relevant Agreements / Memorandums with Practices Objects	
Is confirmed	

Program material resources description and quantitative indicators

Improvement of the Library Foundation relevant to the program	
Improvement of the technical equipment relevant to the program	
Improvement of the infrastructure relevant to the program	
Is confirmed	

SWOT analysis of the program

Strengths	
Weaknesses	
Opportunities	
Threats	

5. Recommendations that ensures compliance of the program with the standards.
